

Solomon's Sluggers

Hi Everyone,

It's that time again, as the **Aquafina Pitch Hit & Run** competition is coming to our school. The Solomon's Sluggers baseball program will be the sponsor of the program for Schechter, and we've started everything in motion. We have purchased the necessary equipment, and secured the forms and awards. **Everyone is welcome to participate in the event**, whether they play in the Slugger's program or not. From an age standpoint, most of the children who participate will be in the **First through the Eighth grades**.

In the past this event has been a GREAT success!

But we can still use some **ADULT ADMINISTRATORS** to run each area. We will be running three stations and will need at least three adults at each location (so we need a minimum of nine adults to run the entire event and score the children, but more would be ideal). **Time is growing very short, so we ask you to please consider volunteering NOW.**

Thankfully we do have some volunteers but we could still use a few more adults to help ensure that the competition runs smoothly. We are therefore asking each of you to please volunteer to help on that day. We will get the rules and necessary information for each area to you after you have signed on so that you are comfortable with running an event. We need to start the competition at 9:00 AM, so as to have a minimal effect on our usual Sunday baseball program. To volunteer write to either of us at dleonek@optonline.net or ari.shamash@gmail.com.

Thank you for your help in making this year's **Pitch Hit & Run** another success.

Dave Lelonek & Ari Shamash,
Your Sluggers' Commishes
