MY FLAG

My grandma and I
sat here together
on a bench in the garden

And she tells me
and tells me over again
how it was before the country was
born.

When she built settlements,
a tower and a wire fence,
At night she guarded against the
enemy,

in the kibutzim of Dafna and Chanita
she looked at the Tower
and sang with all her heart.

Chorus:
My flag is blue and white,
yesterday, today and tomorrow

My flag is blue and white
like the sea and the desert

Today every thing blooms,
grows and develops
I see and I don't believe.

She keeps on repeating,
she laughs and says:
"Do not forget this melody".

Chorus:
My flag is blue and white,
yesterday, today and tomorrow

My flag is blue and white
like the sea and the desert
