

Schechter Israel Alliance

Be it family, friends or other personal connections, our Schechter community members have many varied and interesting connections to Israel. With increased scrutiny worldwide of the Jewish state over the past few months, it is imperative now more than ever that we explore new ways to support Israel. This year we'll form the Schechter Israel Alliance--"SIA" for short, and seek out opportunities to celebrate and support the State of Israel. All Schechter parents and professionals are welcome to participate. The first organizational meeting will take place after the holidays. Complete this SIA form so we can gauge your interest.
