

Let's help the Animals !!!

I am collecting canned dog and cat food and will be bringing them to the Little Shelter Animal Rescue and Adoption Center in Huntington. They are at their full capacity of cats and dogs. Besides the animal shelter, they also have a pet food pantry and use it to give food to needy pet owners. The current state of our economy affects not only people, but animals too. There are many dog & cat owners who have difficulty feeding and caring for their pets, as they are having difficulty feeding themselves.

By bringing lots of canned dog and cat food, this will help many hungry animals live longer !!!!

Nobody needs to be hungry, not even our pets !!

There will be a box at the front of the school to put the food in.

Thank you for helping me help the animals !!!!
